## **1. MESSAGE OF HEM EXECUTIVE DIRECTOR**

First of all I would like to give thanks to Almighty God for protecting HEM staff, donors, stakeholders and beneficiaries during this pandemic period of Covid-19. Glory be to God, all the times!

Secondary, let me give thanks to my wife who contributed a lot to the accomplishment of different activities done by HEM Executive Director. It says: behind a big man; there is a big woman! May God bless her and strengthen her for future excellent results.

I appreciate so much HEM staff, Donors, partners and stakeholders for their contribution to this excellent achievements. May God bless you too!

The year 2020 has been a year with many problems in all the world. Many organizations stopped their activities and people especially refugees suffered a lot as their food ration has been reduced at 30% from April 2020. In many difficulties, HEM didn't stop its activities of supporting vulnerable people especially refugees. HEM gave them food, clothing, sanitizers, care for vulnerable total orphans, counselling, and so on!

As you shall see in this report, HEM continue to advocate for vulnerable refugees and contribute to solve some of their problems especially problems of total orphans less than five years, elderly and others most vulnerable women, focussing on both body, soul and spirit as the whole human being

This is the last month of the year 2020, and we believe a better change during the year 2021, and we continue to pray that God may continue to send supporters and donors to HEM so that HEM continue to achieve more results of bringing back Hope to vulnerable people in future.

On behalf of HEM Management Team, let me take this great opportunity to appreciate OPM and UNHCR for good cooperation with HEM during this Covid-19 period.

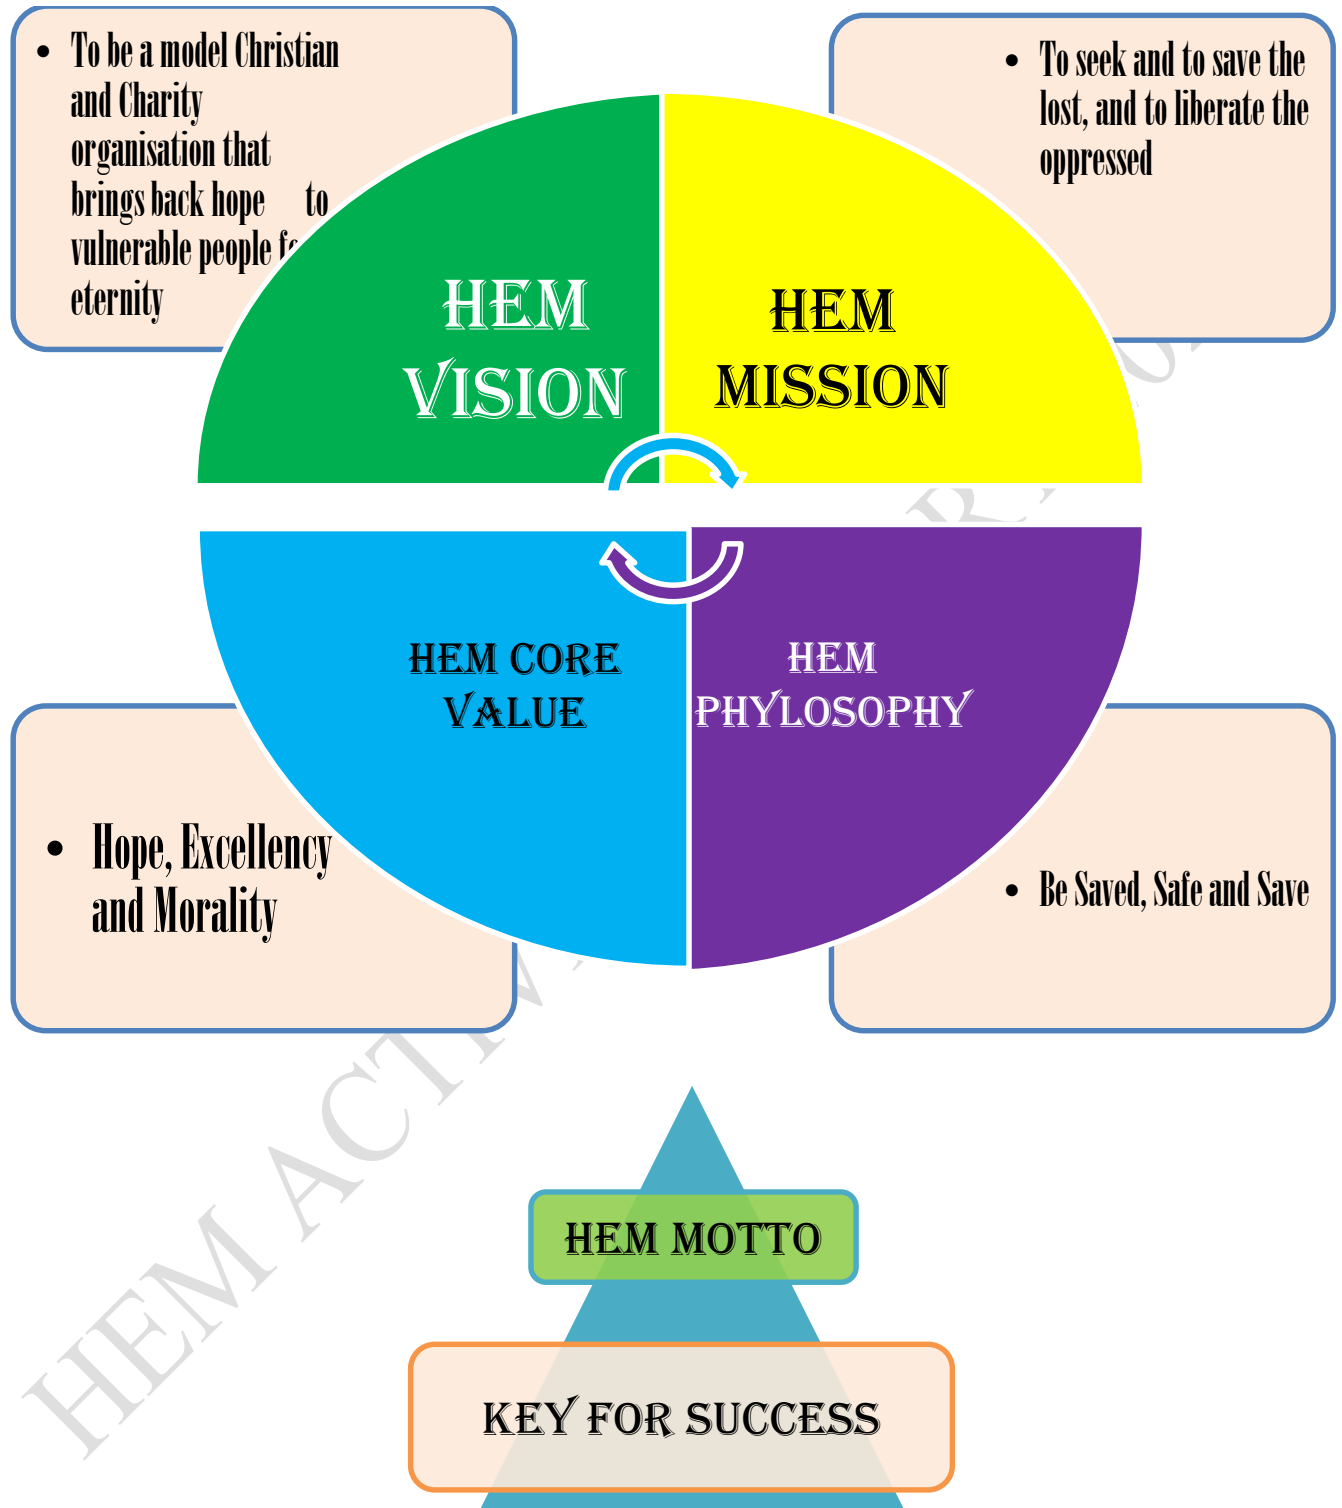

May God bless Uganda, the president of Uganda YKM, and all of you!

##### **EVANGELISM**

In order to be able to bring back hope to vulnerable people, we do evangelism; preaching the gospel (Word of God), giving them way of getting hope for eternity (We feed the Spirit).

### 4.3. HEM Realizations in Kampala with Ugandans and Urban Refugees

#### 4.3.1. Community Development Initiatives

In December 2020, no much activities done with Community Development. Many were busy for Christmas and New Year, others were in holydays or preparing for them. But, HEM tried to continues to support and empower vulnerable persons; nationals and Refugees in Kampala and the surrounding areas through Counselling, support given, evangelism, loans given through our SACCOs as you see below.

##### 4.3.1.1. Financial inclusion through SACCOs

Bukasa-Kizungu SACCO and Nakivubo Women SACCO helped many people to save their money. In December some continue to save but many others were taking back their money.

*The above are SACCO MEMBERS in Kampala HEM SACCO, with their products waiting for selling them and save money for future investment. The money used and teachings are HEM Services to vulnerable people.*

**4.3.1.2. HEM Vocational Training**

Even in December 2020, HEM trained women and youth in tailoring and various handcrafts in Kampala as Capacity building and income generating activity.

#### **4.4. Church leadership Empowerment**

In December 2020, HEM trained Pastors, Church leaders and youth leaders in Kasese District in collaboration with AUDM. HEM graduated also 23 Pastors and church leaders in Kyaka II Refugee settlement with ISOM Curriculum. The following photos are showing what was done.

*2020: Year of Creativity, Innovation and Excellence*

*HFM is promoting Bible training to Pastors and Church leaders to fight against false doctrine and false teaching from different churches. Many think that to be a pastor you must have a calling only that, no need of Bible school. But Bible studies are also very important to every servant of God ( 2 Thimothee 3;16,17).*

#### **4.3.3. Evangelism and Church Planting**

In December 2020, we have done some improvement in our churches, by church services, Training, visits, baptizing, counselling and supporting each other. But because of Covid-19, problems are still many to be solved.

But with our little means we have done excellent work in evangelism as it is shown on photos bellow:

#### **HEM PENTECOST CHURCH KAMPALA, UGANDA**

#### **4.4. HEM activities in Kyangwale Refugee Settlement, in December 2020**

HEM is doing well in Kyangwale Refugee Settlement. During December 2020, we have been visiting and supporting vulnerable children, especially orphans and elderly. We have been giving counselling, prayers and evangelism. Bellow you shall see some photos for the work done.

*Children Are Given Care, And  
Caregivers Receive Soaps To Fight  
Against Covid-19 And Health  
Sanitation Promotion*

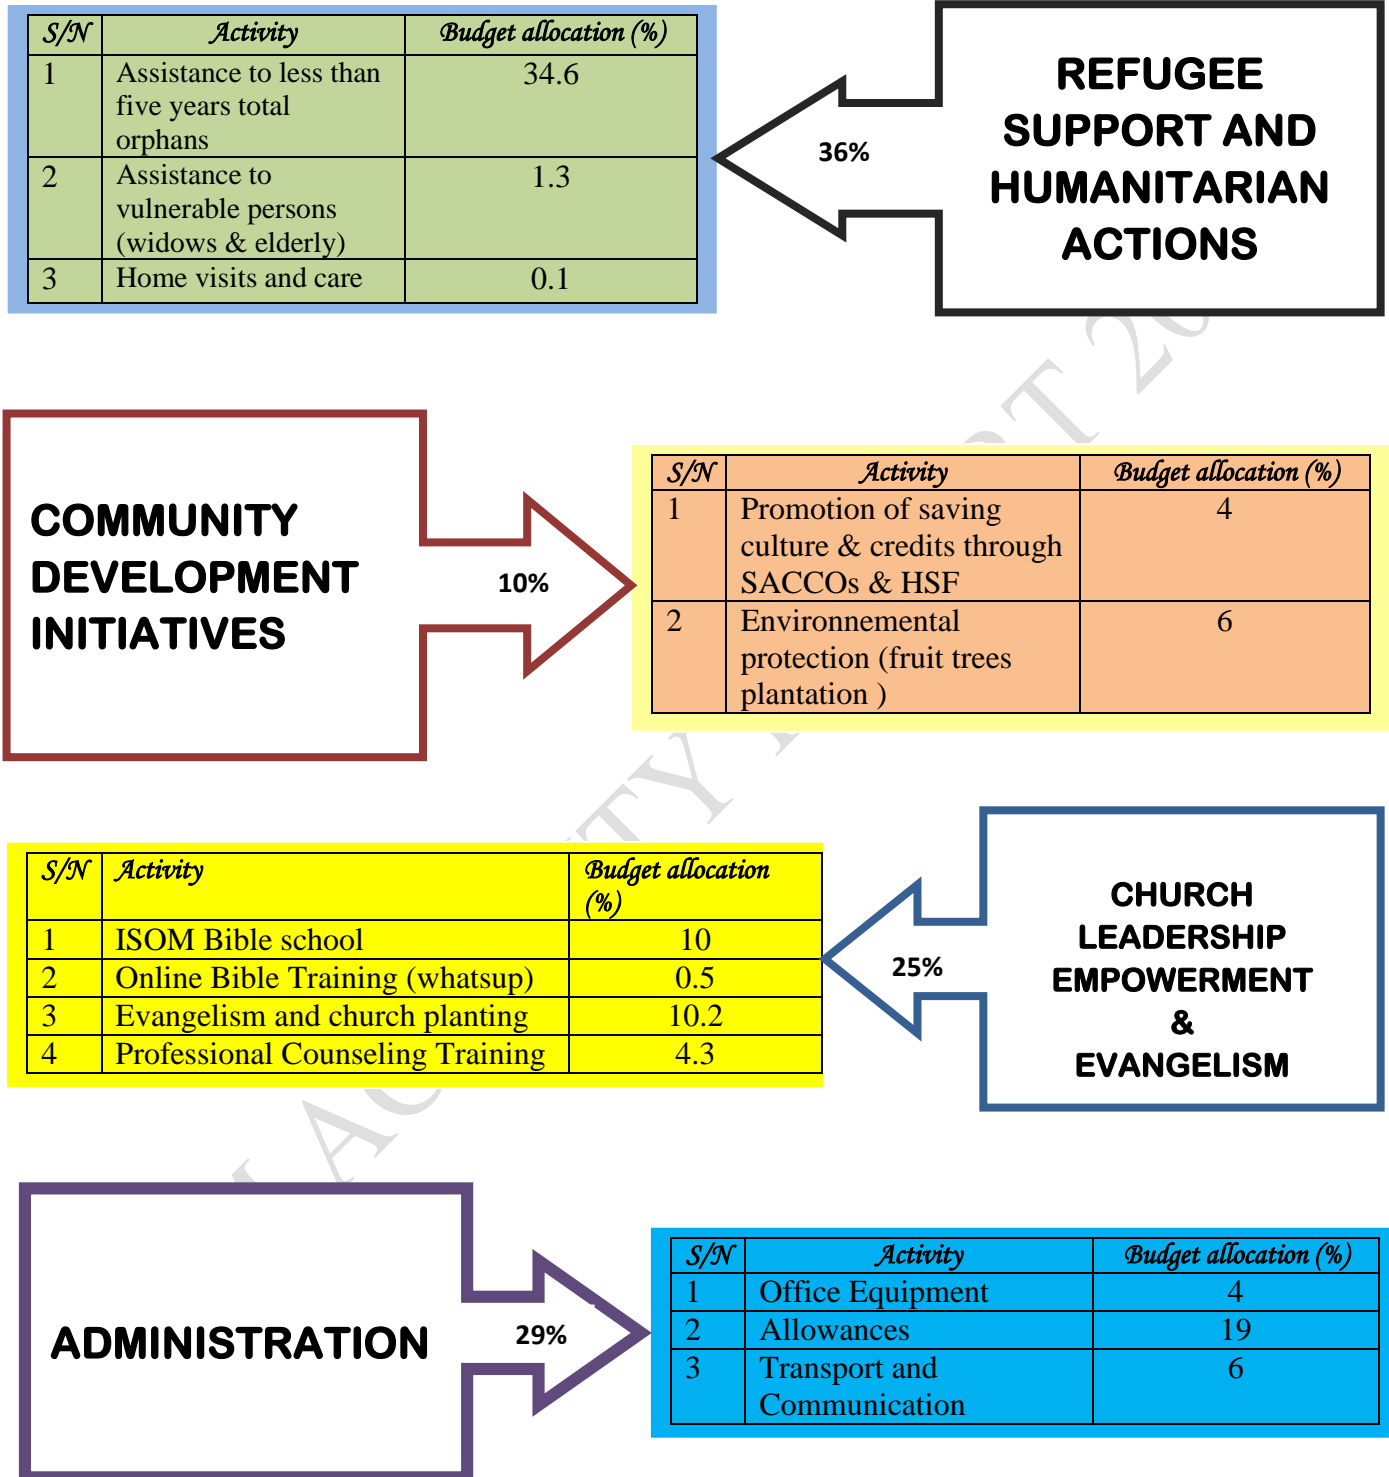

This an assessment done in order to advocate for the above children. The majority among them are orphans which needs advocacy for their rights. Everyone can do something to support these children

## 5. Programs/Activities vs Budget in Percentage

## **6. Challenges**

- The funds are limited
- Transportation means
- A lot of demand with little offer

## **7. Conclusion**

Among the three HEM uniqueness, we have: “Use little and produce much results”. This is one of our secret for much achievements not comparing to our status. We thank God for this. We give a lot of thanks to our Donors from Europe, Canada and USA for their commitment even if we are all facing Covid-19 problems! May God bless you abundantly.

We appreciate UNHCR and OPM in Kyaka II, Nakivale and Kyangwale and for their support and cooperation to see that HEM fulfils its objectives.

May God bless HEM staff, partners, and beneficiaries for their commitment of using little and produce much results. Thank you for fearing God in whatever you do than to fear human being. Together we shall make it possible as soon as possible!

May God bless you all,

Blessings!
