## **2.1. Refugee Support and Humanitarian Actions**

### **2.1.1. Aid Relief during Covid-19 Period**

*During this period of lockdown due to Covid-19 Pandemic, HEM provided aid relief to various vulnerable people including orphans, widows' elderly. HEM staff visited different families with problems.*

*2.1.2. Assistance to Less than five years total Orphans*

*In June 2020, 25 less than five years total orphans were cared for in Kyaka II Refugee Settlement and 22 in Nakivale Refugee Settlement. The assistance focused on nutritious food such as: Milk, fruits and Porridge. Also, soaps and advocacy for medical services were provided. Caregivers were assisted with home utensils.*

## **2.2. Community Development Initiatives**

### ***2.2.1. Financial inclusion through SACCOs on the International Refugee day (20/06/2020)***

*In this month of June 2020, HEM staff continued to sensitize people on measures to mitigate Covid-19, and the saving culture to be able to invest and access loans. The sensitization helped to increase SACCOs members. Sensitization also taught vulnerable people about saving culture.*

### **2.3. Church Leadership Empowerment**

In this month of June 2020, the activities of Church Leadership Empowerment were continued to be affected by lockdown due to Covid-19 pandemic. HEM continued to train pastors and church leaders in Bible and Counselling. Online Bible teachings, preaching and professional counselling course using Mobile Phone (Whatsup) were prepared and provided. This counselling training intends to give to pastors and church leaders professional skills in counselling who in turn have to deal with serious problems facing individuals and families especially those caused by Covid-19.

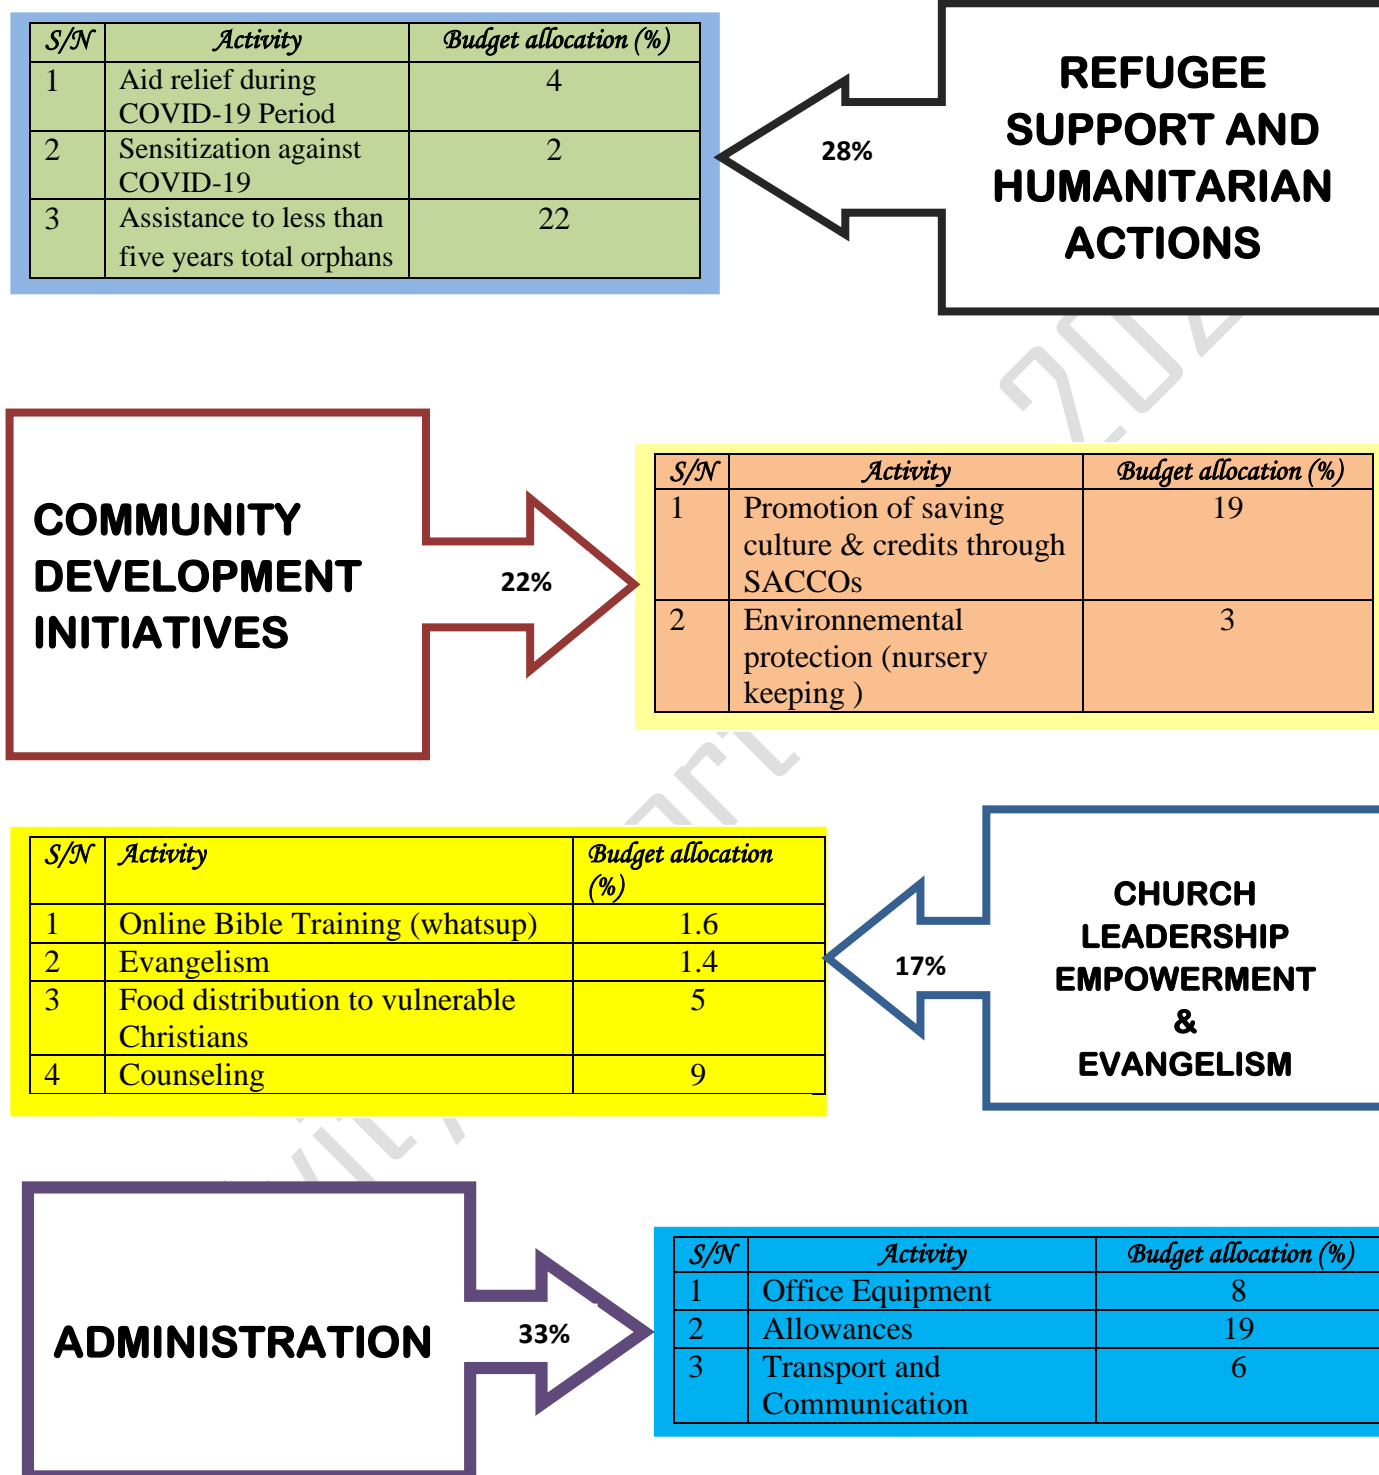

### **2.4. Evangelism and Church Planting**

As usual, during this period of lockdown, Christians were encouraged to intensify prayers and do Sunday services at homes. This activity continued as different leaders of local churches report.

### **2.5. Other support given to Refugees and International Refugee Day celebration**

### 3. Programs/Activities vs Budget in Percentage

#### **4. Challenges**

The Covid-19 pandemic continues to be a big challenge to vulnerable people especially refugees. Even if some activities resumed in Uganda and in refugee settlements, hunger continues to increase among refugees in Uganda. It is reminded that the quantity of food distributed to refugees reduced from 31,000 Uganda shillings per person per month to 22,000 UGH while prices on the markets are high. This days we are receiving enormous number of refugees come to HEM office to seek assistance and support. Unfortunately, HEM could not respond to their needs due to limited funds.

#### **5. Conclusion**

Despite the challenge of Covid-19, HEM continued to assist vulnerable people especially refugees. As we are committed to support our fellow refugees, we shall continue to use the little funds we have and we call upon OPM and UNHCR to make a special advocacy for refugees in this challenging situation of Covid-19. Also, we call upon stakeholders, donors and partners to intervene to assist refugees who live of 0.17USD per day per person and to support HEM so that it may meet its goals of assisting vulnerable people especially refugees. Finally, it is a great opportunity to thank God for protecting us.

Many thanks are addressed to our partners especially our donors.

May God bless you abundantly!
